Packaging Engineering

Master Design (1)

Developing the primary "hero" bag design that serves as the blueprint for all weight variants (5kg, 10kg, 25kg).

Includes: Hierarchy of info, transparency windows, and nutritional typography.

Research and Planning

Current packaging research identified that shelf-visibility is the #1 pain point. Our planning focus on

Vertical legibility from 10 feet away.
High-contrast visual communication.
Premium tactile feel of the material.
