Exclusivity & Craftsmanship

A Custom Approach

Developing a brand from the ground up—including strategy and handmade typography—is a deeply manual process. While Garthapuri was the origin, Mantra requires its own distinct soul.

Handmade Reconstruction

We do not "re-use" fonts. We recreate. To maintain the craftsmanship, the Mantra identity will be custom-built to ensure perfect alignment with your vision for the German market.

The Craft

Manual Identity Construction

Because the original Garthapuri elements were custom-built, we will recreate the "Mantra" name from scratch.

- Handmade artwork for the new name.
- Bilingual execution (both languages).
- Alignment with established brand patterns.
